Lord Monckton - Apocalypse? No!	Lord Christopher Monckton conducts a lucid and brutally insightful demolition of the anthropogenic global warming charade in his address to the Cambridge Union Society, 8th October 2007. He takes a few minutes to get into it but stick with it as he covers what you will never see on the mainstream media. Despite the propaganda,the science is far from settled.	https://www.youtube.com/playlist?list=PL4B8EE6F0AA3B85FC
How the Specter of Communism Is Ruling Our World	The collapse of the communist regimes in the Soviet Union and Eastern Europe marked the end of a half-century-long Cold War, but the sad truth, however, is that a stealthily transformed communist ideology has instead taken hold and entrenched itself around the world. There are the outright communist regimes where communist ideology and customs still exert a significant influence —and then there are the nations of Europe and North America, whose body politics have become host to communist influences, without people even realizing it.	https://www.youtube.com/playlist?list=PLFZ9Q6hV6p6E6nP1ylAr6gK_HRITedbKc
