Comprehensive Sexuality Education (incl. WHO and UNESCO) and Population Control

	**The Impact of Billionaire Philanthropy - Controlling the World's Population**	https://youtu.be/SGYcolX058E
	In this first video on the origins of Comprehensive Sexuality Education, we review the influence on Billionaire Philanthropy in terms of their population control agenda and how this found it's way into the sex education our children are now exposed to in the classroom. The video description references all of the source material used in the video. Though hard for people to take onboard, this is real.	
	**Origins of Comprehensive Sexuality Education Part 2 - The Path to Standards & Social Engineering**	https://youtu.be/260hG2y3_HU
	This is the second of two videos focused on the origins of Comprehensive Sexuality Education (CSE). We look at the path to the creation of the first standards along with some of the key individuals who contributed either directly or indirectly in terms of their influence. We also look at one of the most radical Hard Left Advocacy groups "Advocates for Youth" who were the sole reviewers of the UNESCO Guidelines and who are also responsible for the AMAZE videos that are referenced as part of the current SPHE materials. Finally, we look at how SPHE has become a vector for Social Engineering and indoctrination.	
	**Sexualising Children? The rise of Comprehensive Sexuality Education | Deep Dives**	https://www.youtube.com/watch?v=cCEq2xCb274
	We talk to Joanna Williams about her new report 'Sexualising Children? The rise of Comprehensive Sexuality Education'. Joanna explains how a new paradigm has taken hold in schools - a radical new idea of how to teach sex education. This approach (Comprehensive Sexuality Education, CSE) obsesses with promoting the idea that children are sexual beings and that their sexual pleasure is paramount. As we learn, CSE is designed to be an intrusive moral crusade that invades children's lives. The lessons are designed to manipulate children's attitudes and values in their most private matters. We discuss how elites bypass parents to force social change down everyone's throats.	
	**The War on Children. The Comprehensive Sexuality Education Agenda**	https://youtu.be/Yt0WU3M9ASA
	Video from 2017 that outlines what "Comprehensive Sexuality Education" actually is and it's consequences. An important video for anyone starting out on this topic.	
	**Schools & Children: Caught in the Transgender Industry's Web**	https://www.youtube.com/watch?v=PEolq0mJUss
	A chilling must-watch video talking about the infiltration of Gender Ideology into US schools. Most of this is applicable to what we are seeing in Ireland today with groups like BelongTo and what is happening in libraries.	
	**UN and WHO Global 2030 Sexual Agenda: Children Should Be Prepared for Early Sexual Partnerships**	https://www.vaken.se/uns-and-whos-global-2030-sexual-agenda-children-should-have-sexual-partners-as-early-as-possible/
	Swedish website raising concerns over the UN and WHOs 2030 goals with respect to children and sexuality. This is a deeply disturbing video where teachers engage two young children on the topic of masturbation (the boy looks to be only 4 or 5 years old). It was produced by another organisation pushing children's sexual rights (https://rutgers.international/). This content is in line with what is outlined in the WHO Standards for Sexuality Education in Europe that calls for early childhood masturbation for ages 0-4. 	**The War on Children - Documentary (2024)**	https://twitter.com/elonmusk/status/1759049663917838659?s=12
	In this video, we go through a comprehensive critique of both "WHO Standards for Sexuality Education in Europe" and the "UNESCO International Technical Guidance on Sexuality Education" that we covered in detail in previous videos. We will also put these documents into an Irish context incl. the new SPHE curriculum.	
	**Yes, Canada Actually Wants to Queer Your Child, with Melanie Bennet**	https://youtu.be/V9wyyF2XW34
	I gave this presentation at the NATIONAL CITIZENS INQUIRY on November 8 2025. The inquiry sought to answer the question 'Are Children Safe In Canada?'. Following three days of testimony at the Manitoba Inquiry event, I shared this summary of WHO is behind the theories and ideologies that now assault our children in many western nations, that have come largely through the United Nations/UNESCO into our classrooms.
