| | In 'Critical Dilemma', Neil Shenvi and Pat Sawyer analyse critical theory's evolution from the Frankfurt School to its role in shaping contemporary ideologies. The book critiques its reliance on lived experience over objective evidence, incompatible with Christian teachings. Neil Shenvi and Pat Sawyer advocate for a biblically rooted response to social issues, urging believers to uphold God's order against critical theory's destabilising claims | |

| | Where Are Critical Theory and the Social Justice Movement Taking Us? Critical theory and its expression in fields such as critical race theory, critical pedagogy, and queer theory are having a profound impact on our culture. Contemporary critical theory's ideas about race, class, gender, identity, and justice have dramatically shaped how people think, act, and view one another—in Christian and secular spheres alike. Authors Neil Shenvi and Pat Sawyer illuminate the origins and influences of contemporary critical theory, considering it in the light of clear reason and biblical orthodoxy. | |

|   | **Woke: A Culture War Against Europe \| James Lindsay at the European Parliament** | https://www.youtube.com/watch?v=OVZPYQS1dFA |
| | On March 29, 2023, James Lindsay delivered a short address before a conference at the European Union Parliament in Brussels, Belgium. This speech has been widely recognized as making the nature of the Neo-Marxist Cultural Revolution engulfing the West extremely clear, with a sharp warning to Europe not to follow in the footsteps of the Anglophone countries. In the two months since, this speech has gone viral and received incredible praise and feedback for its clarity and ability to articulate the true nature of the so-called "culture war" or "Woke" phenomenon threatening the West. Join him to understand what's happening all around us and why we must take it seriously. | |
|   | **The Evolution of Postmodern Thought \| Helen Pluckrose** | https://www.youtube.com/watch?v=xoi9omtAiNQ |
| | Helen Pluckrose develops the definition of "Social Justice" as it is used in the academic literature in this tradition, explains its connections to identity politics and the political correctness movement, and then shows the relevance of the original postmodernists to this Theory in some detail. She does this to elegantly describe the progression of these ideas from Theory to activism to the streets by describing how these ideas originated, evolved, and were built upon by successive generations of Theorists leading up to those who have become famous names even outside of the scholarly world today: for examples, Peggy McIntosh, Barbara Applebaum, and Robin DiAngelo. She wraps up by explaining how this newest generation of Theorists simplified the highly abstract ideas of their predecessors and made it far clearer and easier to understand so that it could, as we now see all around us, eventually go mainstream. | |
|   | **Postmodernism and Its Impact, Explained** | https://www.youtube.com/watch?v=oZuVgb04S3U |
| | Helen Pluckrose outlines some of the arguments later explored in depth in her bestselling 2020 book, Cynical Theories (co-authored with James Lindsay). The essay charts the pernicious influence of postmodernist thinking on two generations of academics and activists. If you want to understand how we got to a place where microaggressions are denounced as violence but the brutal terrorism of an intifada is considered righteous, this is an important primer. |  | **Critical Race Theory, Queer Theory, & Maoist Education** | https://www.youtube.com/watch?v=EHWDmg4rfhM |
| | Schools throughout North America are reproducing the youth radicalization program utilized by Communist dictator Mao Zedong. They're doing this by combining Critical Race Theory, Gender Theory (gender ideology), Queer Theory, and the other Critical Theories of Identity (Identity Marxism) to funnel kids into politically active, radical and revolutionary personal identities. They're doing it because it works: Marxism is the what, and Maoism is the how. James Lindsay condenses the argument in his popular Groomer Schools 3 podcast: The Creation of an American Red Guard (https://newdiscourses.com/2021/12/gro...) to explain Mao's strategy to radicalize and mobilize the youth against their existing culture. He then explains how the terms of Critical Race Theory, Queer Theory, etc., are used to reproduce this in the intersectional (Identity Marxist) context here in the West for the same purposes. | |
|  | **How Marxism, Communism & Critical Race Theory Reshaped Education \| Katie Gorka** | https://youtu.be/6TzwU-GBDGo |
| | How has American education reached a point where schools are enabling gender transitions, downplaying the role of Islamic terrorism in 9/11, and shaming families with two parents and no arrest history as having privilege? In this message, Katie Gorka, the executive director of the America 250 Civics Coalition and the U.S. Department of Education Senior Advisor for Civic Education, reveals the forty-plus years of influence Marxism, socialism, and communism has leveled on academia. “If we want to save our country, we have to save education,” Gorka said. “If we’re going to stop it, we have to understand it.” | |

|  | **DEI Explained - New Discourses** | https://www.youtube.com/watch?v=IKLuhY2Q7Rw |
| | The Diversity, Equity, and Inclusion industry under Woke Marxism is easy to understand. Equity is a rebranding of Socialism: an administered economy that makes outcomes equal. Diversity and Inclusion are tools used to install political officers and to censor and remove dissidents, respectively. In other words, the Woke Marxist DEI industry is a racket designed to install commissars for its ideology. In this episode of New Discourses Bullets, James Lindsay breaks this vital concept down in quick, digestible terms. | |
|  | **Yuri Bezmenov: Psychological Warfare Subversion & Control of Western Society (Complete)** | https://www.youtube.com/watch?v=5gnpCqsXE8g |
| | A chilling video that describes how a nation state is subverted. There are strong parallels with Ireland in 2024. Yuri Bezmenov (alias Tomas Schuman), a Soviet KGB defector, explains in detail his scheme for the KGB process of subversion and takeover of target societies at a lecture in Los Angeles, 1983. Yuri Bezmenov was a former KGB propagandist who was assigned to New Dehli, India - and defected to the West in 1970. Bezmenov explains his background, some of his training, and exactly how Soviet propaganda is spread in other countries in order to subvert their teachers, politicians, and other policy makers to a mindset receptive to the Soviet ideology. He also explains in detail the goal of Soviet propaganda as total subversion of another country and the four-step formula for achieving this goal. He recalls the details of how he escaped India, defected to the West, and settled in Montreal as an announcer for the CBC. Note the segments starting at around 14 and 24 minutes into the video. | |

Because this essay is inordinately long—because the topic is inordinately complicated—it is broken into sections, as listed below. The reader is encouraged to engage with it in pieces and to treat it as he or she would a short book on this topic. | |

|  | **Helen Pluckrose on confronting Critical Theory \| Solutions With David Ansara Podcast #32** | https://www.youtube.com/watch?v=xCMUAz7pMA8 |
| | I speak with British writer Helen Pluckrose about the pernicious influence of Critical Theory, and how to push back against these dangerous ideas. Helen and I discuss the postmodern origins of Critical Theory, and how it escaped academia to become mainstream. This has dramatically altered the way we talk about race, gender and sexuality, she says. Helen argues that what passes for 'Social Justice' is in fact a fundamentally illiberal and intolerant ideology. Its adherents suppress free speech, foster a culture of victimhood and essentialise people's experience based on their identity and 'positionality'. We explore alternative (liberal) approaches to social justice, and also discuss the practical steps that ordinary people can take to counteract 'wokeness' in the workplace or other institutions. | |
|  | **Dr. Paul Kengor \| The Dark Side of Marxism** | https://youtu.be/Y5UfRoasgjw |
| | In The Dark Side of Marxism, a nine-hour course, Dr. Paul Kengor traces the story of Marxism from the life and ideas of Karl Marx to the ideology's far-reaching global consequences. Along the way, we examine The Communist Manifesto, its 10-point plan, and its call for the forcible overthrow of existing social conditions. The course follows the rise of communism through Lenin's Soviet Russia, the founding of the Communist Party USA, and extensive infiltration efforts targeting Hollywood, government, and American churches. It also confronts the devastating human toll of communist regimes worldwide. The course concludes with an account of the pivotal roles played by Ronald Reagan and Pope John Paul II in bringing this dark time to an end. | |

| | In Episode 5 of The Chad O. Jackson Podcast, I respond to Boyd's defense of King by examining his own writings, his theological departure from biblical Christianity, his relationship with communist organizers, and the historical connection between the Civil Rights Movement and the more militant Black Power movement. I also challenge the familiar claim that King's legacy was somehow hijacked by radicals like Stokely Carmichael, examining the philosophical and political similarities between King and Lenin, along with statements from King and Coretta Scott King that complicate the popular distinction between civil rights activism and Black Power. | |
