Substack: Progressing off the Cliff's Edge	The gradual shift towards progressivism and critical social justice in all spheres, forcing changes in policies, institutions, and cultural norms is moving us rapidly toward a critical point of irreversible decline and destruction. Most concerning, are the changes to our children's education. The radicals who are driving the transformation of our society understand that they can shape our children's worldview from a very young age by inserting political indoctrination into the curriculum, ensuring that our youth become fervent supporters and enforcers of their destructive vision for society. This substack is an attempt to help save our kids from those who seek to irrevocably alter society by brainwashing the youth. We've seen the consequences of this before. Let's not let it happen again.	https://progressingoffthecliffsedge.substack.com/p/like-lambs-to-the-slaughter
